## JETRO

Established in 1958, **JETRO** is a government agency that facilitates trade and investment between Japan and the rest of the world through a global network spread over 100 offices worldwide. In line with J-Startup program, **JETRO** has opened 12 Global Acceleration Hubs around the world that provide foreign startups with support to invest in Japan.

[www.jetro.go.jp/en/](http://www.jetro.go.jp/en/)

**JETRO** is also partnering with **Startup Guide** in support of publishing their guidebook on startup scenes in Tokyo. Startup Guide Tokyo will launch on November 29th 2019.

[www.startupguide.com](http://www.startupguide.com)

This year, **JETRO** enjoys sponsorship from **Orange Japan**, **Plug and Play Japan** and the **Tokyu Land Corporation**.

## J-Startup

The **J-Startup** program was launched in June 2018 by the Japanese Ministry of Economy, Trade and Industry with a mission to foster and grow Japan's thriving startup sector which at present has over 10,000 startups. Under the program, an exclusive number of startups have been selected by the recommendation of experts from private and public organizations, as they unite their efforts to provide selected startups with intensive support measures. **J-Startup** promotes the global expansion of Japanese startups and by virtue, hopes to add new value, innovation and technology to the world.
